Hot Topics 9/17/26

At last night's drill, we welcomed new volunteer Sean Rock. Sean is an EMT and comes to us with experience with the Dayton Fire District, Faulk Ambulance, and Life Flight. He plans on attending the Santiam Fire Training Academy in January. Sean lives in NW Lebanon and will be pulling ODV shifts at Station 91. Welcome Sean!

At last night's drill, we picked upstaffing shifts for October. I had the guys only schedule 1 person per shift pending a decision from OSFM regarding conflag backfill. Once I get confirmation from OSFM that our conflag backfill is approved, we will schedule a second person per shift for the month of October.

I will be removing the dart board from the TV room. Many of you have poor aim and as a result, I have several dart holes in the drywall. If someone wants to take the initiative to mount the dart board on a full-size sheet of plywood, I'll let it go back into the TV room.

There will be a water shuttle drill tomorrow (9/19) from 0900 – 1200. This would be a good drill for anyone checked off to drive the tenders or working towards that objective. You should have received an Active last night regarding the drill. If you are planning on attending, please hit avail.

The upstaffing calendar is up to date on the members' side of the website. If you are interested in picking up extra shifts, please let me know. Reminder, if you want to work upstaffing, you need to be certified NWCG Type 2. Type 2 classes will be offered next spring for anyone who wants to get that certification.

Save the date: Saturday, October 3rd will be the annual SCIO CARES day. This is an annual safety fair for elementary and middle school kids. We will need some folks to help manage this event.

On Sunday, October 4th, we will be burning a field for wildland practice. More information to come.

As a reminder, all Hot Topics can be accessed from any station computer by going to Network>DC2>Shares>SFD Share Drive>Hot Topics. In addition, I post them on the member's side of the website. The password is 1888.
